

The Edinburgh Community Climate Fund

(1a) Organisation/group name:

Ferryhill parent council

(1b) Project name:

Ferryhill Forest school

(2) Tell us about your organisation / group (what do you do?) (150 words maximum)

We are a group of passionate parents. Supporting the education of future generations within our community. We believe equipping with skill and knowledge will have a lasting impact on future generations and also encourage change within the community as a whole.

(3a) Please select the fund criteria which your project relates to (Select all that apply)

☒ Create opportunities for community leadership and learning on climate change

☒ Reduce greenhouse gas emissions within communities and contribute to the net-zero target for Edinburgh

☒ Generate sustainable projects for the benefit of local people to build resilience or adapt to climate change within communities

☒ Build relationships between neighbourhoods of different socio-economic and ethnic backgrounds to work together on just, equitable and accessible climate and resilience activities contributing to the cities net zero agenda, also ensuring that activities work towards reducing or removing barriers for disabled people in the transition to net zero.

Deadline for applications: 12th February 2023

The Edinburgh Community Climate Fund

(3b) Tell us about the project you would use the money for. (500 words maximum)

The project is to create outdoor learning for years to come having a long lasting impact in future generations within the community.

Ferryhill in an area of deprivation, though this project we will be able to support families and children at the school with skill and knowledge about climate change and how we can come together and have an impact on change. Once this project is set up the main resource will be the school approximately 5-10 years. Meaning we will support changing options on climate change, and this will ripple in to the wider community. We plan on getting support from the local community centre and their team of gardens.

The food produced from the project will be put to use within the school, teaching the children about cooking, and then the scraps back in to compost to be used within the garden.

This project will also have an impact on the children's mental health and wellbeing, supporting self risk assessment, resilience, peer to peer learning and lifelong memories.

Deadline for applications: 12th February 2023

The Edinburgh Community Climate Fund

(4) Describe your project in no more than 30 words (this will be used for publicity)

(5a) Who do you hope will benefit from this project?
